Terracotta

Recreate the cozy warmth
of a fire in every space

*Recreate the cozy warmth
of a fire in every space*

Since **ancient times**, terracotta has been used by men in everyday life and it has been widely used in the construction and design field. Today terracotta is a **natural, versatile** and **biocompatible** material able to give a touch of charm and elegance to any project. Its classic brick color makes every room warm and rustic, and modern production techniques allow for a broader selection of color sets that fit contemporary aesthetics. Different types and **shapes** perfectly fit different uses, from floors to walls, and **ceilings to roofs**. Thanks to our partners we are well-equipped to advise you when choosing the best **Italian terracotta** for your projects.

Via Dell'Arte was founded by **Luca Meneghini** back in **2006 in Florida**.

Luca gained valuable experience in the US ceramic market starting his career working for several years both on the Manufacture and Distribution side following four years in the architectural and builder division of Walker & Zanger for the Southeast Region.

Today, Via Dell'Arte employees 7 people, sells to over 150 Customers from large wholesalers to regional distributors and local importers across USA & Canada, and represents more than 20 Vendors from Italy, Portugal, Morocco, USA and Brazil.

Via Dell'Arte is an American company with an international spirit and we are passionate about the products we promote and sell

Terracotta

**Castel Viscardo, Umbria,
Italy**

Terracotta is one of the oldest known forms of craftsmanship, with over 30,000 years of history, and the region of central Italy, rich in clay soils, is one of those where this tradition is still strong today.
